Professional Summary

Aspiring **Data Analyst** with 2+ years of experience transitioning from 3D design to data-driven analysis. Skilled in **Python, SQL, Excel, Power BI**, and analytics tools. Adept at **data storytelling, insight generation, and performance optimization** to support strategic business decisions. Recognized for **top performance in fast-paced environments**, consistently delivering measurable results through innovation and efficiency.

Technical Skills

- **Programming & Analytics:** Python, SQL, Excel
- **Visualization:** Power BI (DAX, Dashboards), KPI Reporting
- **3D & Design:** Blender, 3ds Max, V-Ray, Substance Painter, Photoshop
- **Data Handling:** Data Cleaning, EDA, Reporting Automation
- **Professional Skills:** Strategic Thinking, Analytical Reasoning, Time Management, Leadership, Adaptability, Creativity, Detail Oriented.

Professional Experience

Junior 3D Artist   **Zealous Services, Chennai**   **Nov 2023 – Sep 2025**

- Optimized 3D assets for AR / VR and e-Commerce platforms, improving visual quality and reducing processing time.
- Streamlined workflows by improving topology, UV maps, and textures, reducing the production cycle by 15%.
- Partnered with design and technical teams to deliver creative assets aligned with client requirements.
- Delivered 100+ high-quality assets that contributed to successful launches and 360° product rendering.
- Automated repetitive modeling tasks using scripts, reducing manual effort by 20%.
- Documented processes and shared workflows to improve team onboarding and efficiency.

3D Artist Intern   **Zealous Services, Chennai**   **Sept 2023 – Oct 2023**

- Built high- and low-poly models for photorealistic rendering and 360° product visualization.
- Enhanced real-time performance by optimizing 3D assets for budgeted e-commerce platforms.
- Supported texturing, lighting, and rendering processes to meet strict client deadlines.

Achievements

- Awarded **Top Performer of the Month** by Zealous Services for consistent quality, innovation, and timely project delivery.

Education

Master of Computer Applications   2024
Madras University, Tamil Nadu

B.Sc. Computer Science   2022
DRBCCC Hindu College, Chennai

Certifications

- Deloitte Data Analytics Job Simulation
- Business Analytics - Simplilearn (Microsoft)
- TATA Gen AI Powered Data Analytics Job Simulation
- Python – Besant Technologies
- Data Analytics – Besant Technologies
- Power BI – Udemy
- Lean Six Sigma White Belt
